Here's my endorsement of the great repair job Quality did.

Pete

What a joy to employ true professionals! Quality Docks came in with a very reasonable bid for a major repair to a 14 year old dock built by another company. If I had Quality build my dock in the first place, I wouldn't have had this problem. They did a great job repairing 3 areas that were collapsing. I wouldn't hesitate to recommend them as the best, most professional, most reasonable dock builders in the Tampa Bay area.
